

# A PATHWAY TO CHANGE: WORK PARTICIPATION FOR ALL

## Vision

An Australia where **people** with a mental or physical health condition, illness, injury or disability have a **greater opportunity to work** so that people, the community, businesses can enjoy the **health** benefits of work and **economic benefits** of increased work.

## Income support systems

- Motor accident compensation
- National Disability Insurance Scheme\*
- Workers' compensation
- Social Security
- Life insurance
- Disability Support
- Superannuation
- Veterans' benefits
- JobSeeker

\*The National Disability Insurance Scheme provides support to people with a disability. It does not provide income support to individuals.

## We will work with systems to drive positive changes in...

- Improving collaborative efforts to better support employment, return to work and retention
- Improving the experience of transition between systems
- Delivering evidence-based better practice case management

## Outcome

Improve work participation for people with a physical or mental health condition or disability.

**Raise awareness on the benefits of good work, shift attitudes and change behaviours towards people with a health condition and disability and work participation.**
