

ATTACHMENT A—RECONSIDERATION OF OWN MOTION EXAMPLES

Claim actions	Section (SRC Act)	Reason for reconsideration of own motion
Change injury label/descriptor (diagnosis)	14	Changes the injury treatment and liability profile of an injury, as well as the potential duration of compensation paid or payable.
Change date of injury	14	Compensation is payable from an earlier or later date than first determined. Note: A decision regarding the date of injury is not a determination in itself but forms part of an initial (section 14) determination and can only be reviewed as part of a reconsideration of that determination. It is important to be aware that if review of the decision progresses to the Tribunal, all aspects of the initial determination are open to review (not just the date of injury).
Change of normal weekly earnings (NWE) or incapacity payments	8, 19, 20, 21, 21A	Changes the quantum or period of incapacity compensation paid or payable.
Revocation of a primary determination	14	Liability for injury should not have been accepted (or compensation paid) in respect of the injury.
Apportionment of death compensation	17	Changes the amount of compensation payable between dependants.
Tribunal application in relation to NWE figure and periods of incapacity paid	8, 19	A reconsideration of own motion can be used to review the NWE determination if there was a miscalculation or new evidence is provided. Note: If a Tribunal proceeding is set aside, costs incurred by the claimant are payable by the responsible authority (Comcare/licensee).
